We will gather four weekends per year.

Are you interested in building a relationship with Spirit Guides and Guardians to assist you on your path of life, to live in harmony on the planet, and live a life of passion?

This one year course will awaken us to the spirit world and offers us tools for deep growth and transformation so that we can live in harmony on the earth.

We will be initiated into shamanic healing methods, shamanic divination, ceremonies, working with our dreams, crystals and plants and the spirits of the land and tune into nature spirits and the elements.

We will make shamanic tools and give aways and work with nature. Remember your ecstatic dance in the Web of Life.

This is powerful, transformational work and includes new ways of being on the earth in this challenging time, for self healing, healing in the community and for Mother Earth.

Each weekend we will also learn a new skill in self-healing that can also be used with others.

There are four weekends in the program.

Format: Friday evening 7 to 9pm and Saturday and Sundays, 10am to 4:30pm, with the exception of January 2011 – Saturday and Sunday.

Program begins with: ***MEDICINE FOR THE EARTH TRAINING:***

First Gathering: November 25/27, 2011

Medicine for the Earth – Part 1.

Second Gathering: January 14/15, 2012

Medicine for The Earth

A Transformational Experience and Healing with Spiritual Light.

“By engaging in the shamanic path of direct revelation, our inner light is ignited, and when it is combined with the sparks of others around the world, I believe it will create the Light needed to manifest a planet filled with harmony, love, light, peace and abundance for all.”

~ Sandra Ingerman

We will journey and perform ceremony to uncover and clear unwanted energy and disruptive energy patterns and beliefs that hold us back from our true potential.

Create a strong connection to our creator through discovering our own creation stories.

Dance until we drop our bodies and see the spirit we are.

Discover what makes us truly happy and how to hold a vision, collectively, to manifest our dream, personally and for Mother Earth.

Work with the elements to connect with the spirits of the land around us and learn how to be in harmony with nature and ourselves at this challenging time on the planet. We will engage in ceremony to move into our divine, pure light for healing of ourselves, the waters and the planet.

Healing with Spiritual Light is a personal practice and can also be used to help others and the earth itself.

We will work with fire ceremony, create talismans, dance and sing, eat and play together!

Give yourself the tools and insights you need to let go of the old and discover new ways of BEING to live a life of passion, with peace, purpose, joy and abundance!

Sandra Ingerman says: “It is who we become” that changes the world and our environment, not what we do.”

This workshop is about “Becoming that Change”.

Requirement is to read the book “Medicine for the Earth” by Sandra Ingerman.

For more information please see: www.amazon.ca and enter Medicine for the Earth. She generously shares many pages that will give your further insight into the process. Also, see:
